

I am writing concerning K-Love radio station, which is often heard on an FM translator. It is the only radio station I listen to and would hate to ever lose it. They offer positive and encouraging music to my family, my community, and me. If K-Love were to be displaced by an LPFM broadcaster providing other programming we would suffer a GREAT LOSS!! I know of many people in the community that also share in my opinion . Please do your part in allowing such a wonderful station to stay on the air.

Thank you,

Lisa A. wells
